The UF Alliance Mentoring Program provides an opportunity for students to connect with a group of peers and mentors who are knowledgeable with the university. Your mentor will serve as a point-of-contact and immediate resource to you and your group, will be there to answer your questions, will connect you with campus resources, and help you explore the UF campus. Whether it be monthly activities with your mentorship group, coffee dates with your mentor or participating in Alliance-wide events, the Alliance Mentoring Program is designed to meet your needs and interests.

What do you gain?

Our goal with the UF Alliance Mentoring Program is to provide you with an immediate support network. Through the program, you will get to meet other UF partner-school graduates, a UF Alliance staff member to provide you with resources and you will get to make the UF campus smaller by learning about the campus and community resources and activities during your tenure at the university.
